

play it! d.i.y. city game

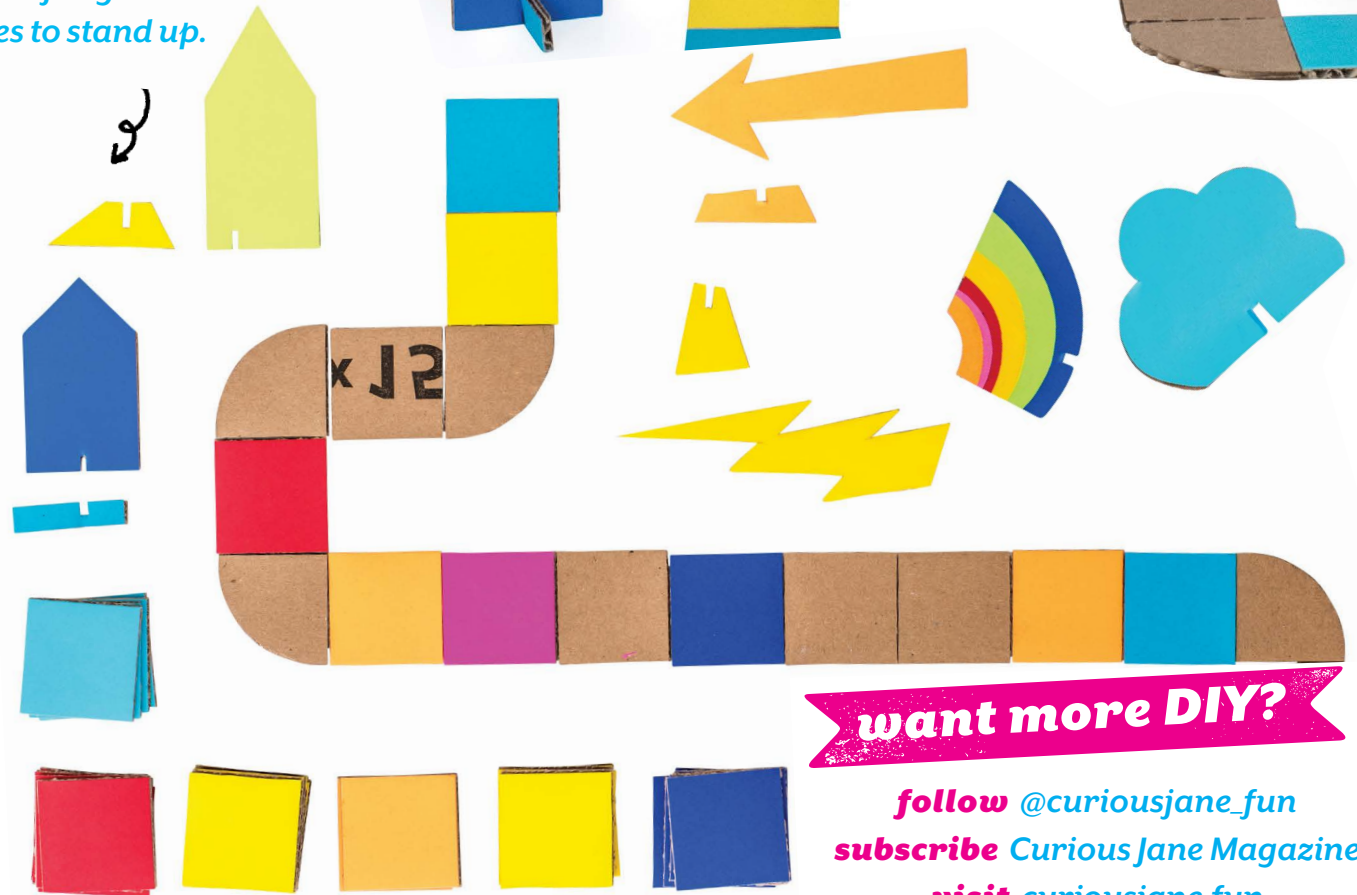

maker checklist

colorful paper
recycled cardboard
scissors, pencil, glue
other crafty bits!

create a notched
base for your
pieces to stand up.

- 1 glue squares of colorful paper onto one side of your cardboard, so that you end up with a mix of colors.
- 2 measure and cut into squares, about 2" on each side.
- 3 create obstacles and accessories for your game. make these out of cardboard or other craft supplies. be creative!
- 4 design the rules; set it up; play! think of the first few rounds as trial rounds and revise the rules and game flow as you go.
