PLAY

FUN

1 choose the words or initials you want to create in Morse Code. depending on the code for the letters, a short word can actually be “long.”

2 choose three bead colors, one for dots, one for dashes, and one for spaces. you can choose a fourth color to use on either side of your words.

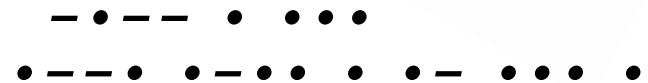

3 lay out your beads in order, on double stick tape, if you have it.

4 if making a key chain, tie your lanyard onto the clasp, leaving two long hanging strands.

5 string your letters, using one bead for a dot, three beads for a dash and one bead for a spaces between parts of the same letter.

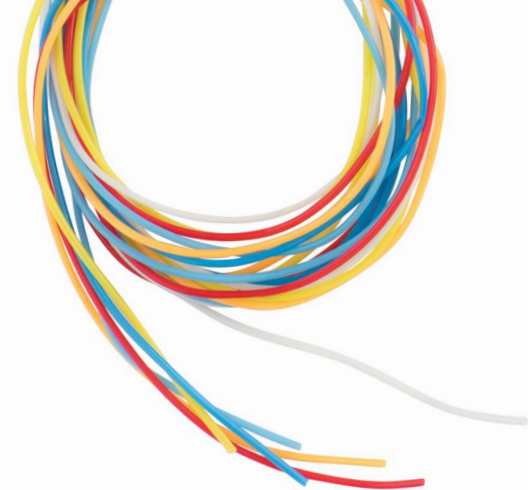

6 tie the ends of each strand when you're finished so your beads don't fall off. add a ring for keys and voila!
